WORK EXPERIENCE

Software Engineering Intern @ Capital One

📅 JUNE 2020 – AUGUST 2020   📍 REMOTE (*due to COVID-19*)

- Constructed software usage analytics dashboard as part of an existing cloud application using Agile development practices
- Engineered a data pipeline to process results of company-wide database queries and format data for dynamic visualizations

System Administrator @ UMD Physics Department

📅 AUGUST 2019 – MAY 2020   📍 College Park, MD

- Coordinated a team of students to efficiently install softwares required to manage and monitor the computing cluster servers
- Assisted professor in expanding computer cluster by configuring several new servers and managing hundreds of cluster accounts

Software Engineering Intern @ Capital One

📅 JUNE 2019 – DECEMBER 2019   📍 College Park, MD

- Redesigned data visualization of natural language processing app to be more user-friendly and display optimal hyperparameters
- Wrote scripts to analyze thousands of cybersecurity events and find features/patterns indicating potentially suspicious behaviors

PROJECTS

Customer Satisfaction Dashboard

Top 3 at the Capital One Software Engineering Summit Hackathon

- Performed Sentiment Analysis on thousands of filtered tweets to determine customer attitudes towards businesses and products
- Built an interactive graphical dashboard to summarize analysis results and allow users to search for tweets by specific terms

Machine Learning Stock Predictor

- Implemented a web application tool intended to help day traders predict daily closing prices of stocks based on historical data
- Developed a pre-processor and neural network to clean data retrieved from an API, train models, and make predictions

jSearch Web Application

- Deployed an app to allow users to search for Jeopardy questions based on dynamic filters and cache selected favorite results
- Integrated frontend and middleware components to quickly receive and display query results in intuitive user interface

EDUCATION

B.Sc. in Computer Science with Business Analytics Minor

University of Maryland-College Park

📅 AUGUST 2018 – MAY 2022

- **Cumulative GPA**: 3.98/4.0
- **Professional Organizations**:

  Kappa Theta Pi (*Vice President*)
  University of Maryland Honors College
  Computer Science Departmental Honors
- **Relevant Coursework**:

  Object-Oriented Programming
  Introduction to Computer Systems
  Discrete Structures and Mathematics
  Organization of Programming Languages
  Algorithms and Algorithmic Analysis

TECHNICAL SKILLS

Languages

`Java` `Python` `C` `HTML` `CSS` `JavaScript` `TeX` `OCaml`

Packages/Frameworks

`Flask` `Keras` `Pandas` `Scikit-Learn` `jQuery` `Express` `Chart.js` `C3.js` `Angular` `Swing`

Technologies/Softwares

`Node.js` `Git/GitHub` `Heroku` `Google Suite` `Microsoft Office`

Certifications

`Amazon Web Services Cloud Practitioner`
